Deaf STEM Community Alliance: Establishing a Model Virtual Academic Community

Lisa B. Elliot, Donna Easton, & E. William Clymer
Rochester Institute of Technology

Introduction
Deaf and hard-of-hearing students in science, technology, engineering, and math (STEM) majors face 3 critical barriers to success:

Accessible STEM media  Socialization /isolation  Student preparation

Project Goal
Create a model virtual academic community that addresses barriers to improve retention in STEM majors and increase student grade point averages (GPAs)

Project Activities

Interactive with D/HH Mentors & Peers

Accessible Website & Resources

Online Tutoring

This project is made possible with the support of the National Science Foundation HRD #1127955
